Request for Development of CyclePath Share Dashboard

Dear Data Analyst,

We need your expertise to develop a dashboard for "CyclePath", a bike share company, that displays our key performance metrics for informed decision-making.

Requirements:

* Hourly Revenue Analysis
* Profit and Revenue Trends
* Seasonal Revenue
* Rider Demographics

Design and Aesthetics: Use our company colors and ensure the dashboard is easy to navigate.

Data Source: Access to our databases will be provided. If there is no database, please create one.

Deadline: We need a preliminary version ASAP.

Please provide an estimated timeline for completion and a recommendation on raising prices next year.

Best regards,
